**Re: IPPC Licence Register No. P0963-01
Maintenance Shutdown**

Dear Ms. Doyle,

As discussed on Tuesday 13th November, I am writing to advise of an upcoming maintenance shutdown between Sunday 18th November and Friday 23rd November. During this time we will not have process discharges to our on-site waste water treatment plant and will not be discharging to sewer.

During this time we are also upgrading our Waste Water Treatment Plant with the addition of a new DAF unit. The commissioning of this DAF unit is planned to commence at the end of December and will continue throughout January and February.

If you have any queries or require any further information please do not hesitate to contact me .

Yours sincerely
