Recommendation

Based on your responses to the forgoing questions, the recommended option is for you to submit a Request for Approval of your proposed change, under Condition 1 of your licence, to the Office of Environmental Enforcement. This 'Request for Approval' should be submitted to your OEE regional team via the 'Request Alteration' which can be accessed via your EDEN log-in in the LMA application.

By selecting the 'Proceed' button within the 'Request Alteration' option, you will find your proposed change listed in the 'Saved Application' list. By choosing the 'Request for Approval' option in this application, you will be directed to complete a 'Licensee Return' to request approval from OEE.

Note: The responses you have provided in this Screening Report will form part of the information record if you decide to progress with this alteration request.
