### Details

---

**Description of Incident:**

*A 40ft ejector loaded with MDR from Shed1 caught fire in transit to the next destination. The driver noticed smoke from the trailer, as he drove onto the ramp for the N7, heading to Co. Kerry. He pulled into the hard shoulder and called the fire brigade. After an initial inspection by the emergency services, he was advised to return to Green Circular Economy, with an escort of 3 fire engines. Once onsite, our Emergency response team rolled out the the Emergency Response Procedure. All fire damaged waste is segregated in Fire quarantine, and will be transferred to ENVA as soon as possible.*
