Dear Mr Cuddihy,

Further to your visit to Knockharely Landfill on 17th October 2023, we had discussed the installation of a composite sampler on monitoring point SW9, the arguments against the installation were put forward to the Agency.

With respect to condition 3.34.10 of the Waste Licence 146-04, a written version of these arguments was due to be submitted today, the 10th of November 2023. Knockharely Landfill request an extension of time from the Agency, to prepare this response in a suitable manner for upload to EDEN.

We hope this information satisfies any queries that you may have. If further information is required, please do not hesitate to contact us.

Yours sincerely,

Siobhán Kelly
