IE Licence No:	W0185-01
Company:	RILTA Environmental Limited
Subject:	W0185-01 Condition 5.7.3

Dear Sir/ Madam,

I wish to submit a request under Condition 5.7.3 to permit companies who have obtained a valid waste collection permit, to deliver pre-packaged asbestos and asbestos containing materials to the W0185 facility.

Condition 5.7.3 states:

Asbestos waste shall only be accepted at the facility in sealed containers, owned and controlled by the licensee, that have been previously delivered to the customer, unless otherwise agreed by the Agency.

To assist customers and to ensure that such waste material is received at the facility in appropriate condition, the company has created a guidance document on how such waste must be prepared prior to delivery to the facility. A copy of this guidance document will be submitted as part of this request to the Agency. Customers are also requested to supply photographs of how such waste material is packaged as part of the pre-acceptance criterion.

To ensure that staff working at the facility are aware of these requirements and to ensure that such material can be safely assessed prior to being accepted (i.e. to ensure that pre acceptance criterion is in place) at the facility, an in-house procedure has been established. A copy of this document (OSHEQ-P-ASD-01) will be submitted as part of this request to the Agency.

It should be noted here that staff involved in the handling and management of such waste undergo frequent asbestos safety awareness training. Occupational and environmental

monitoring is also in place on a quarterly basis. The results of which are submitted to the Agency via the EDEN system as part of the W0185 licence. Staff also have full access to these monitoring reports.

We request from the Agency, permission to accept such pre-packaged waste from customers who have a valid waste collection permit.

I trust this is to the satisfaction of the Agency.

If you have any queries, please feel free to contact me.

Yours sincerely,

Sean Lawlor, EHS Coordinator RILTA Environmental Limited/ Enva (Greenogue) Ireland Limited
